INDEPENDENT AUDITORS' REPORT

To the Board of Alderman
City of Glendale
Glendale, Missouri

Report on the Audit of the Financial Statements

Opinions

We have audited the accompanying financial statements of the governmental activities, the business-type activities, and each major fund of the City of Glendale, Missouri, as of and for the year ended June 30, 2022 and the related notes to the financial statements, which collectively comprise the City of Glendale, Missouri's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, and each major fund, of the City of Glendale, Missouri, as of June 30, 2022, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of Glendale, Missouri and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Glendale, Missouri's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of Glendale, Missouri's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of Glendale, Missouri's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, schedule changes in net other than pension employee benefits liability, schedule of changes in net pension liability and related ratios and schedule of contributions on pages 4A–4F and 26-38 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the budgetary comparison schedules but does not include the basic financial statements and our auditors' report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated October 31, 2022, on our consideration of the City of Glendale, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Glendale, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Glendale, Missouri's internal control over financial reporting and compliance.

CITY OF GLENDALE
MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2022

As the financial managers of the City of Glendale, Missouri, we offer readers of the City of Glendale's financial statements this narrative overview and analysis of the financial activities of the City of Glendale, Missouri for the fiscal year ended June 30, 2022. We encourage readers to consider the information presented here in conjunction with the City's financial statements.

Financial Highlights

On a government-wide basis, the assets and deferred outflows of the City of Glendale exceeded its liabilities and deferred inflows for the most recent fiscal year by \$9,007,809. The City has a deficit unrestricted net position totaling \$193,266.

As of the close of the current fiscal year, the City of Glendale's governmental funds reported combined ending fund balances of \$4,661,547, which is an increase of \$1,054,488 in comparison with the prior year. Approximately 57.3% of this total amount or \$2,669,649 is available for spending at the City's discretion.

At the end of the current fiscal year, unassigned fund balance for the general fund was \$2,669,649 or 61.0% of total general fund expenditures of \$4,400,239.

The City of Glendale's total debt decreased by \$367,777 or 5.80% during the current fiscal year, as a result of debt paydown. The City's total debt amounted to \$6,000,000.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City of Glendale, Missouri's basic financial statements. The City of Glendale, Missouri's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required supplementary information and other supplementary information in addition to the basic financial statements.

Government-wide Financial Statements

The *government-wide financial statements* are designed to provide readers with a broad overview of the City of Glendale, Missouri's finances, in a manner similar to a private-sector business. Please note that these government-wide financial statements exclude fiduciary fund activities.

The *statement of net position* presents information on all of the City of Glendale's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City of Glendale, Missouri is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of related cash flows*. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and accrued vacation leave).

The Government-wide financial statements distinguish functions of the City of Glendale, Missouri that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the City of Glendale, Missouri include general government, municipal court, police, fire, dispatching, and public works.

Business-type activities - The City of Glendale, Missouri's business-type activity consists of its refuse collection and disposal services, which is operated under a contractual arrangement with a private hauler. These operations derive revenues from charges for services that are intended to recoup the full cost of operations.

The government-wide financial statements include only the City of Glendale, Missouri itself (known as the *primary government*), as the City does not have any component units to be included herein.

The government-wide financial statements can be found on pages 5 through 6 of this report.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Glendale, Missouri, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City of Glendale, Missouri can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental Funds are used to account for essentially the same functions reported as *governmental activities* in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financial decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between *governmental funds* and the government-wide *governmental activities*.

The City of Glendale, Missouri maintains eight individual governmental funds. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Sewer Lateral Fund, Pension Tax Fund, Public Safety Fund, ARPA Fund, Debt Service Fund, Capital Improvements Fund, and Parks and Stormwater Fund, all of which are considered major funds.

The City of Glendale, Missouri, adopts an annual appropriated budget for its General Fund, Sewer Lateral Fund, Pension Tax Fund, Public Safety Fund, ARPA Fund, Debt Service Fund, Capital Improvements Fund, and Parks and Stormwater Fund. Budgetary comparison statements have been provided for all budgeted funds to demonstrate legal compliance with the respective adopted budget.

The governmental fund financial statements can be found on pages 7 through 10 of this report.

Proprietary Funds

Proprietary Funds are to be used to report the same functions presented as *business-type activities* in the government-wide financial statements. These statements include one enterprise fund utilized for the City's refuse collection and disposal.

The Proprietary Enterprise Fund financial statements can be found on pages 11 through 13.

Notes to the Basic Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 14 through 25 of this report.

Required Supplementary Information

In addition to the financial statements and notes to the financial statements, this report presents required supplementary information concerning the City's budgetary comparisons for the General, Sewer Lateral, Pension Tax, Public Safety, ARPA, and pension trend information.

The required supplementary information can be found on pages 26 through 38 of this report.

Supplementary Information

The individual fund statements provide fund-level detail for all other major Governmental Funds and the Enterprise Fund.

The supplemental information can be found on pages 39 through 42 of this report.

Financial Analysis of the City as a whole

As noted earlier, the City of Glendale, Missouri uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of the City of Glendale, Missouri's governmental funds is to provide information on inflows and balances of available expendable resources. Such information is useful in assessing the City's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At the end of fiscal year 2022, the unassigned fund balance of the general fund was \$2,669,649, while the total fund balance was \$2,682,820. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures and transfers out. Unassigned fund balance represents 61.0% of total general fund expenditures, while total fund balance represents 61.0% of total general fund expenditures.

The fund balance in the City's general fund increased by \$212,829 or 8.6% from the prior year fund balance.

Proprietary Funds

The City's proprietary enterprise fund statements provide the same type of information found in the government-wide financial statements, but in more detail.

Net position of the Sanitation fund at year-end amounted to \$111,388, an increase in net position of \$13,316 from the prior year.

General Fund Budgetary Highlights

The General Fund finished the fiscal year 2022 with a surplus of \$212,829, which is significantly larger than initial budgeted surplus of \$61,500. After adjusting for the increase in sales tax revenue and expenses, total General Fund revenues finished fiscal year 2022 as expected.

See below regarding highlights:

- Revenue from the 1% pool was \$1,025,808 compared to an original budgeted figure of \$900,000.
- Fire Department expenses for fiscal year 2022 came in greater than original budget by \$23,066 with most of this in overtime expense.
- Expenses for Public Works were over budget by \$53,272 but \$40,000 of this was due to unplanned transfer to the Capital Fund to pay for street improvements.
- Expenses in Administration, Court and Police all finished under or slightly above budget for FY 2022.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

General Fund revenue for fiscal year 2022-2023 is projected to increase from the fiscal year 2021-2022 actual figure of \$4,653,066, including transfers, to a total of \$4,751,600.

Sales Tax revenue from the 1% pool is budgeted at \$1,035,000 for FY 2022-2023 compared to an actual figure of \$1,025,808 for FY 2021-22. In the first few months of the 2023 FY the tax receipts have been comparable to the prior year.

Actual gross receipts utility taxes for fiscal year 2021-2022 totaled \$856,870, and the City is budgeted to receive \$855,000 from this revenue source in fiscal year 2022-2023. The City has and will continue to benefit from rate increases by both Spire and Ameren in early calendar year 2022. utility revenue is often difficult to project as mild weather yields less revenue while hotter than normal summers and colder winters will produce an increase in utility usage. Unfortunately, gross receipts-telephone tax revenue continues to dramatically decline. Several years ago, revenue from this source would be approximately \$24,000 per month. Today that figure is approximately \$7,500 per month. The City has joined other municipalities in a lawsuit against the cell phone companies in a dispute on how the cell phone bills are calculated.

Court revenue is expected to partially bounce back in fiscal year 2022-2023 as \$72,000 is budgeted with only \$50,3770 in revenue in fiscal year 2022. Several years ago, the City would receive about \$170,000 in court revenue.

The expenditure side of the General Fund budget is budgeted to increase from the fiscal year 2021-22 actual figure of \$4,440,237 to a budgeted figure for fiscal year 2022-23 of \$4,696,600. Personnel expenses, which include wages and benefits, account for 79.62% or \$3,739,800 of the entire General Fund budget. On July 1, 2022 all full and part-time employees of the City were given a 4.0% payroll COLA increase. The COLA increase will cost the City approximately \$100,000 per year. The City experienced a 7% increase for health insurance premiums beginning July 1, 2022. The City joined the SLAIT health insurance pool beginning January 1, 2022 which should allow for smaller health insurance increases moving forward. The 7% increase for fiscal year 2023 is acceptable considering the current inflationary environment.

Also significant for fiscal year 2022 and future years is the closing of the Dispatch Department during the fall of 2020 as this function is now subcontracted through the City of Kirkwood. The dispatching expenses during the last full year of operation (fiscal year 2020) was \$337,223. The current payments to Kirkwood for dispatching services are \$122,267 annually.

The Capital Improvement Fund budget totals \$2,465,700 in revenue and \$2,717,700 in expenditures for fiscal year 2022-2023. Revenue is significantly higher than what is available from the ½-cent Capital Improvement Sales Tax because of the proposed annual transfer from the Parks and Stormwater Fund of \$130,000, reimbursement from MSD of \$66,000, fires safety sales tax of \$36,000, and estimated grant revenue of \$7,000. The fund balance in the Capital Improvement Fund is budgeted to decrease by \$252,000 during fiscal year 2023 to finish at approximately \$150,000. New for fiscal year 2023 will be transfers from the ARPA Fund of \$1,025,000 to the CIP Fund with the expenditures recorded in the CIP Fund. ARPA related expenditures in the CIP Fund will be \$700,000 for street repairs of Edwin, Elm, and Moreland, building improvements at city hall of \$200,000 and zoning code updates of \$125,000.

Some of the street improvements for fiscal year 2022-2023 will be \$172,000 for the NovaChip process of approximately 18,000 square yards of selected streets, \$37,000 for curb improvements, \$44,000 for street repairs, \$850,000 for Essex Avenue street resurfacing, \$37,000 for crackseal and sealcoat, and finally \$105,600 for engineering services for N. Sappington resurfacing.

In fiscal year 2022-2023, the Parks and Stormwater Fund is budgeted to have revenues of \$176,000 and expenditures of \$171,800, including a transfer of \$130,000 to the Capital Improvement Fund. The annual payment to the City of Kirkwood for Aquatic Center maintenance expenses was paid in the amount of \$29,329 during September 2022.

The Sewer Lateral Fund for fiscal year 2022-2023 is budgeted for revenues of \$114,600 and \$90,000 for sewer lateral repairs with a \$25,000 transfer to the General Fund.

Projected revenue and expenditures for the Sanitation Fund for 2022-2023 will be approximately \$639,000 and \$618,550, respectively. There should be little, or no fund balance carried over from year to year for this pay-as-you-go proprietary fund.

During fiscal year 2021 the City of Glendale transferred all Pension activities to Missouri Lagers. The property tax increase that passed at the June 2020 election allowed the City of Glendale to have the financial resources to make the transition. The property tax increase will generate approximately \$365,000 annually in increased tax revenues for a grand total of approximately \$500,800 in property tax revenues earmarked for pension expenditures. On January 1, 2021, the current employees of the Police and Fire Departments joined the Missouri Lagers system L-6 plan along with full-time administration and public works employees. Also, on April 1, 2021, the Missouri Lagers system took over the Legacy portion of the Glendale Pension plan with current retirees receiving the same monthly benefit as previous.

The pension assets of \$5,540,348 were transferred to Missouri Lagers on March 9, 2021. The City of Glendale will pay the Missouri Lagers system \$19,788 per month for 15 years to pay off the unfunded balance of the Glendale Pension Plan of approximately three million dollars. The City of Glendale contribution to Missouri Lagers for current employees is anywhere from 4.8% to 14.1% of wages depending on the department. Also, all full-time employees contribute 4% of wages as part of the Missouri Lagers L-6 plan.

In summary, the City General Fund finished fiscal year 2022 with a surplus of \$212,829 and a fund balance at June 30, 2022 of \$2,682,820. The General Fund for fiscal year 2023 is budgeted to conclude with a surplus of \$55,000.

This financial report is designed to provide a general overview of the City of Glendale, Missouri's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Finance Officer, 424 N. Sappington Road, Glendale, MO 63122.

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The accounting and financial reporting policies of the City of Glendale, Missouri (the City) conform to U.S. generally accepted accounting principles (GAAP) as applied to government entities. The following is a summary of the more significant policies.

Reporting Entity

The City defines its financial reporting entity in accordance with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity* (GASB 14). GASB 14 requirements for inclusion of component units are based primarily upon whether the City's governing body has any significant amount of financial accountability for potential component units. The City is financially accountable if it appoints a voting majority of a potential component unit's governing body and is able to impose its will on that potential component unit, or the potential component unit may provide specific financial benefits to, or impose specific financial burdens on, the City. Currently, the City does not have any component units.

Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the City. As a general rule, the effect of interfund activity has been removed from these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately as business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes, unrestricted interest earnings, gains, and other miscellaneous revenues not properly included among program revenues are reported instead as general revenues. Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, although the latter is excluded from the government-wide financial statements. Major individual governmental funds and a major individual proprietary fund are reported as separate columns in the fund financial statements.

Measurement Focus and Basis of Accounting

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be measurable and available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only when payment is due.

Property taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the City.

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

The government reports the following major governmental funds:

General Fund

This fund is the general operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund.

Sewer Lateral Fund

This fund is a Special Revenue Fund used to account for special revenues received which are specifically earmarked for expenditures for repairs to residential sanitary sewer laterals.

Pension Tax Fund

This fund is a Special Revenue Fund used to accumulate taxes for the Pension Trust Fund.

Public Safety Fund

This fund is a Special Revenue Fund used to account for the public safety sales tax revenues received which are specifically earmarked for expenditures for public safety.

ARPA Fund

This fund is a Special Revenue Fund used to account for the proceeds from the American Rescue Plan Act grant proceeds.

Parks and Stormwater Improvements Fund

This fund is a Capital Projects Fund used primarily to cover the share of the expenses for constructing and maintaining a jointly operated Aquatic Center with the Cities of Kirkwood and Oakland. The fund can also be used for other parks and stormwater projects on an as-needed basis.

Debt Service Fund

This fund is a Debt Service Fund used to accumulate taxes to service bonded debt.

Capital Improvements Fund

This fund is a Capital Projects Fund, which records activity related to the ½ cent capital improvement sales tax.

The government reports the following major proprietary fund:

Sanitation Fund - This fund is used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges.

Amounts reported as program revenues include: 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Proprietary Fund are charges for sanitation services. Operating expenses for the Proprietary Fund include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Inventory

Inventory is valued at cost using the first-in, first-out (FIFO) method.

Cash and Cash Equivalents

The City considers all highly liquid debt instruments with a maturity of three months or less to be cash equivalents. For purposes of the Statement of Cash Flows, the City considered all highly liquid investments with a maturity of three months or less when purchased to be cash equivalents.

Missouri State Statute requires that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. Certificates of deposits held at banks with an original maturity in excess of three months are reported at cost.

The City maintains a cash pool that is available for use by all the funds. Each fund type's portion of this pool is displayed on the balance sheet as "Cash and cash equivalents" under each fund's caption. Occasionally, certain funds participating in the common bank account will incur overdrafts (deficits) in the account. As of June 30, 2022, the Parks and Stormwater Improvement Fund portion of the pooled account had an overdraft of \$5,271.

Investments

The City may purchase any investments allowed by the Missouri State Treasurer and Repurchase Agreements. These include (1) obligations of the United States government or any agency or instrumentality thereof maturing and becoming payable not more than three years from the date of purchase, or (2) repurchase agreements maturing and becoming payable within ninety days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law. As of June 30, 2022 the City had no investments.

Allowance for Doubtful Accounts

Management believes there are no significant uncollectible receivables, therefore, no allowance for doubtful accounts has been recorded.

Compensated Absences

Vacations accrue to employees based on years of service on January 1 of each year and may not be carried over into the next year, except as authorized by the City. Sick leave accumulates at a rate of one day per month, except that employees with 20 or more years of continued service will accumulate sick leave at a rate of 1 ½ days per month. A maximum of 60 days may be accumulated. Sick leave is only available to provide compensation during periods of illness. At June 30, 2022, the City's liability for compensated absences totaled \$155,894.

Post Employment Benefits

Under the Consolidated Omnibus Budget Reconciliation Act (COBRA), the City provides healthcare benefits to eligible former employees and eligible dependents. Certain requirements are outlined by the Federal government for this coverage. The premium is paid by the insured either monthly or quarterly at the insured's discretion for the next period's coverage. This program is offered for a duration of 18 months after the termination date. There are currently no former employees on the plan and there are no associated costs to the City under this program.

Capital Assets

Capital assets, which include property and equipment, are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$2,500 and estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value on the date of donation. The City has elected not to retroactively report infrastructure constructed prior to July 1, 2006. The costs of normal maintenance and repairs that do not add to the value of the assets or materially extend asset lives are not capitalized.

CITY OF GLENDALE, MISSOURI
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Depreciation is being computed on the straight-line method, using asset lives as follows:

Assets	Years
Building and other improvements	10-40
Infrastructure	30
Office furniture, and equipment	10-25
Machinery, equipment, and vehicles	5-25

Risk Management

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; natural disasters, and workers compensation. The City purchases commercial insurance coverage for such risks. There has been no significant reduction in insurance coverage from the previous year in any of the City's policies. Settled claims resulting from these risks have not exceeded insurance coverage in any of the past three fiscal years.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element represents a consumption of net position that applies to a future period and so will not be recognized as an outflow of resources until then. The City has one item that qualifies for reporting in this category. This item is deferred amounts related to pension and these are differences between expected and actual results, net difference between projected and actual earnings on pension plan investments, changes of assumptions.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The government has two types, which arise only under a modified accrual basis of accounting, that qualify for reporting in this category. Accordingly, unavailable revenues are reported in the statement of net position and the net difference between projected and actual earnings is reported in the statement of net position. These amounts are deferred and recognized as an inflow of resources in the period that the amounts have become available or amortized over their remaining lives, respectively.

Use of Estimates

The preparation of basic financial statements in conformity with GAAP requires the City to make estimates and assumptions that affect the reported amounts in the basic financial statements and the accompanying notes. Actual results could differ from those estimates.

Governmental Fund Balances

Fund balance is the difference between assets and liabilities in a Governmental Fund. In accordance with Government Accounting Standards Board 54, Fund Balance Reporting and Government Fund Type Definitions, the following types of fund balances are presented in the Governmental Funds Balance Sheet:

Nonspendable - the portion of a Governmental Fund's balance that is not available to be spent, either short term or long term, in either form or through legal restrictions. The nonspendable fund balance reported in the General Fund is for inventory and prepaid assets.

Restricted - the portion of a Governmental Fund's balance that is subject to external enforceable legal restrictions. The following account's fund balances are restricted by City ordinance or grant agreements: Sewer Lateral, Debt Service, Public Safety, Parks and Stormwater Improvement, Pension Tax, ARPA and Capital Improvements.

CITY OF GLENDALE, MISSOURI
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Committed - the portion of a Governmental Fund's balance with self-imposed constraints or limitations that have been placed by the Board of Alderman. There are no committed fund balances.

Assigned - the portion of fund balance that the City intends to use for a specific purpose as determined by the applicable City officials to which the Board of Alderman has designated authority. There are no assigned fund balances.

Unassigned - available expendable financial resources in a governmental fund that are not designated for a specific purpose. The following account comprises the unassigned fund balance: General.

The City uses restricted amounts to be spent first when both restricted and unrestricted fund balances are available unless there are legal contracts that prohibit doing this.

Net Position

Net Position represents the difference between assets and liabilities. Net investment in capital assets represents the cost of capital assets, net of accumulated depreciation, reduced by the outstanding balance of any long-term debt used to build or acquire the capital assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation or through external restrictions imposed by creditors, grantors, or laws or regulations of other governments. All other net position is reported as unrestricted.

When restricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Note 2 - PROPERTY TAXES

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on November 1 and payable by December 31. The county collects the property tax and remits it to the City.

The assessed valuation of the tangible real, personal taxable and state assessed railroad and utilities property for the calendar year 2021 for purposes of local taxation was \$218,307,345. The tax levy per \$100 of the assessed valuation of tangible taxable property for the calendar year 2021 for purposes of local taxation was:

	General Adjusted	Debt Adjusted	Pension Adjusted
Residential Rate	\$ 0.3250	\$ 0.2380	\$ 0.2280
Commercial Rate	0.3300	0.2380	0.2300
Personal Property Rate	0.5190	0.2380	0.2400

Note 3 - DEPOSITS & INVESTMENTS

Custodial Credit Risk - Custodial credit risk is the risk that in the event of a bank failure, the City's deposits may not be returned to it. The City has a deposit policy for custodial credit risk that follows Missouri Statutes for deposits. The City maintains a cash and investment pool that is available for use by all funds. Each fund type's portion of this pool is displayed on the statement of position or balance sheet under each fund's caption. In accordance with the applicable Missouri Statute, the City maintains deposits at depository banks authorized by the City's elected officials. Missouri Statutes require that all deposits be protected by insurance, surety bond, or collateral. The market value of the collateral pledged must equal 100% of the deposits not covered by insurance or corporate surety bonds.

CITY OF GLENDALE, MISSOURI
 NOTES TO THE FINANCIAL STATEMENTS
 FOR THE YEAR ENDED JUNE 30, 2022

Note 3 - DEPOSITS & INVESTMENTS (continued)

At year-end, the carrying amount of the City’s demand deposits totaled \$3,367,067 and bank balances totaled \$3,381,299. At year-end, the City also had certificates of deposit with a total carrying amount, which approximates fair value, of \$1,143,702. These are shown as certificates of deposit due to their original maturity dates.

Of the bank balances (including demand deposits and certificates of deposit), \$2,272,391 was insured by the Federal Deposit Insurance Corporation (FDIC), and \$2,252,610 was covered by pledged collateral, which was held in the City’s name.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates.

Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization.

Note 4 - INTERFUND TRANSFERS

Transfer From	Transfer To	Amount
Parks and Stormwater Fund	Capital Improvements Fund	\$ 130,000
Sewer Lateral Fund	General Fund	25,000
Public Safety Fund	General Fund	320,000
Pension Fund	General Fund	239,666
General Fund	Capital Improvements Fund	40,000

During the current fiscal year, there were five transfers. The first transfer was from the Parks and Stormwater Fund to Capital Improvements Fund in the amount of \$130,000 to increase the reserve for the Capital Improvements Fund. The second transfer in the amount of \$25,000 was from the Sewer Lateral Fund to the General Fund to assist in covering general expenditures. The third transfer was from the Public Safety Fund to the General Fund in the amount of \$320,000 to cover public safety expenditures. The fourth transfer was from the Pension Fund to the General Fund in the amount of \$239,666 to cover LAGERS expenses for fiscal year 2022. The fifth transfer was from the General Fund to the Capital Improvements Fund in the amount of \$40,000 to increase the reserve for the Capital Improvements Fund.

Note 5 - CONTINGENCIES

The City has an agreement to operate an aquatic center facility. The City shall be required to contribute additional funds to the project in the event that operational revenues are insufficient to cover operational costs and expenses.

Note 6 - SUBSEQUENT EVENTS

Management has evaluated subsequent events through October 31, 2022, the date which the financial statements were available for issue, and noted no reportable events.

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 7 - COMMITMENTS

The following is a summary of changes in long-term commitments:

	Balance June 30, 2021	Additions	Reductions	Balance June 30, 2022	Amount Due Within One Year
Governmental activities:					
Capital lease	\$ 27,777	\$ -	\$ (27,777)	\$ -	\$ -
Bond premium	305,888	-	(20,392)	285,496	-
Bonds payable	6,340,000	-	(340,000)	6,000,000	350,000
Net pension liability *	660,770	3,046,233	-	3,707,003	-
Accrued compensated absences*	158,563	-	(2,670)	155,893	-
Total	<u>\$ 7,492,998</u>	<u>\$ 3,046,233</u>	<u>\$ (390,839)</u>	<u>\$ 10,148,392</u>	<u>\$ 350,000</u>

* Due to limitations, gross amounts for additions and reductions are not readily available. Net changes are shown above.

Capital Lease Payable

In 2017, the City entered into a 60-month lease with US Bancorp for a partial payment on a new fire truck. The lease calls for twenty quarterly payments starting August 25, 2017 and ending May 25, 2022. As of June 30, 2022 the capital lease had been paid in full and the balance was \$0. The leased property has a cost basis of \$643,163 and accumulated depreciation of \$225,107.

General Obligation Bonds Series 2016

The City issued general bonds of \$8,000,000 to pay the costs of constructing, furnishing, and equipping a new fire station and the acquisition of land necessary therefore, and renovating, improving, furnishing, and equipping the existing city hall complex. Interest rates range from 2.00% to 3.00% and interest is paid semi-annually.

Payments due on the general obligation bonds are as follows:

<u>For the Years Ended June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2023	\$ 350,000	\$ 180,000	\$ 530,000
2024	360,000	169,500	529,500
2025	370,000	158,700	528,700
2026	385,000	147,600	532,600
2027	395,000	136,050	531,050
2028-2032	2,160,000	495,450	2,655,450
2033-2036	1,980,000	150,750	2,130,750
Total	<u>\$ 6,000,000</u>	<u>\$ 1,438,050</u>	<u>\$ 7,438,050</u>

Legal Debt Margin

ASSESSED VALUATION - 2021 LEVY	<u>\$ 218,307,345</u>
Statutory debt limitation	\$ 21,830,735
10% of assessed valuation	
Less: Bonded debt	6,000,000
LEGAL DEBT MARGIN	<u>\$ 15,830,735</u>

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 8 - MUNICIPAL COURT TRAFFIC VIOLATIONS FINES AND COSTS

Missouri State statutes require municipalities to report an accounting of the percent of “annual general operating revenue” from fines and costs for traffic violations. All fines and costs from traffic violations in excess of 20% of the City’s “annual general operating revenue” are required to be remitted to the director of the department of revenue for annual distribution to the schools of the county. “Annual general operating revenue of the City” is defined by the Missouri State Auditor as revenue that is not required by the enacting ordinance law or Constitution to be used only for a designated purpose and can be used to pay any bill or obligation of the City. This includes, but is not limited to, general sales tax, general property tax, and fees from certain licenses and permits, interest, fines, and penalties. “General Operation Revenues” does not include, among other items, designated sales or use taxes, user fees, grant funds, or other revenue designated by law, ordinance, or Constitution, for a specific purpose.

Total court fines and costs	\$	48,557
Total general operating revenue of the City	\$	3,611,277
Court fines and costs as a percentage of total general operating revenues		1.34%

Note 9 - CAPITAL ASSETS

The following is a summary of changes in capital assets - governmental activities:

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 9 - CAPITAL ASSETS (continued)

Depreciation expense was charged to functions/programs of the primary government as follows:

	Year Ended June 30, 2022
Governmental activities:	
General government	\$ 284,780
Police department	126,102
Fire department	249,874
Public works	36,349
Total	\$ 697,105

Note 10 - EMPLOYEE RETIREMENT SYSTEMS

Plan description: The City’s defined benefit pension plan provides certain retirement, disability, and death benefits to plan members and beneficiaries. The City participates in the Missouri Local Government Employees Retirement System (LAGERS). LAGERS is an agent multiple-employer, statewide public employee pension plan established in 1967 and administered in accordance with RSMo. 70.600-70.755. As such, it is LAGERS responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax-exempt. The responsibility for the operations and administration of LAGERS is vested in the LAGERS Board of Trustees consisting of seven persons. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. This report may be obtained by accessing the LAGERS website at www.molagers.org.

Benefits provided: LAGERS provides retirement, death and disability benefits. Benefit provisions are adopted by the governing body of the employer, within the options available in the state statutes governing LAGERS. All benefits vest after 5 years of credited service. Employees who retire on or after age 60 (55 for police and fire) with 5 or more years of service are entitled to an allowance for life based upon the benefit program information provided below. Employees may retire with an early retirement benefit with a minimum of 5 years of credited service and after attaining age 55 (50 for police and fire) and receive a reduced allowance.

	June 30, 2022 Valuation
Benefit multiplier:	2.00%
Final average salary:	5 years
Member contributions:	4%

Employees covered by benefit terms. At June 30, 2022, the following employees were covered by the benefit terms:

Retirees and beneficiaries	32
Inactive, nonretired members	29
Active members	27
Total	88

Contributions. The employer is required to contribute amounts at least equal to the actuarially determined rate, as established by LAGERS. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance an unfunded accrued liability.

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 10 - EMPLOYEE RETIREMENT SYSTEMS (continued)

Full-time employees of the employer contribute to the pension plan. Employer contribution rates are 4.8% (General), 12.4% (Police), and 14.1% (Fire) of annual covered payroll.

Net Pension Liability. The employer’s net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of February 28, 2022.

Actuarial assumptions. The total pension liability in the February 28, 2022 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	2.75% wage inflation; 2.25% price inflation
Salary Increase	2.75% to 7.15% including inflation
Investment rate of return	7.00%

The healthy retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubG-2010 Retiree Mortality Table for males and females. The disabled retiree mortality tables, for post-retirement mortality, used in evaluating allowances to be paid were 115% of the PubNS-2010 Disabled Retiree Mortality Table for males and females. The pre-retirement mortality tables used were 75% of the PubG-2010 Employee Mortality Table for males and females of General groups and 75% of the PubS-2010 Employee Mortality Table for males and females of Police, Fire and Public Safety groups.

Mortality rates for a particular calendar year are determined by applying the MP-2020 mortality improvement scale to the above-described tables.

The long-term expected rate of return on pension plan investments was determined using a model method in which the best-estimate ranges of expected future real rates of return (expected returns, net of investment expenses, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long Term Expected Rate of Return</u>
Alpha	15.00%	3.67%
Equity	35.00%	4.78%
Fixed income	31.00%	1.41%
Real assets	36.00%	3.29%
Strategic assets	8.00%	5.25%
Cash/leverage	-25.00%	-0.29%

Discount rate. The discount rate used to measure the total pension liability is 7.00% for General, 6.30% for Police and 6.80% for Fire. The projection of cash flows used to determine the discount rate assumes that employer and employee contributions will be made at the rates agreed upon for employees and the actuarially determined rates for employers. Based on these assumptions, the pension plan’s fiduciary net position was projected to be available to pay all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payment to determine the total pension liability.

CITY OF GLENDALE, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2022

Note 10 - EMPLOYEE RETIREMENT SYSTEMS (continued)

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability (Asset)
	(a)	(b)	(a) - (b)

CITY OF GLENDALE, MISSOURI
 NOTES TO REQUIRED SUPPLEMENTARY INFORMATION
 JUNE 30, 2022

Note 1 - BUDGETS AND BUDGETARY ACCOUNTING

The City prepares and legally adopts an annual budget for the General Fund, Sewer Lateral Fund, Pension Tax Fund, Capital Improvements Capital Fund - General, Parks and Stormwater Improvements, and Sanitation Enterprise Fund.

Budgets are adopted on a basis consistent with U.S. generally accepted accounting principles.

The Board follows the procedures outlined below in establishing the budgetary data:

1. The City Administrator submits to the Board of Aldermen a proposed operating budget for the fiscal year commencing the following by July 1. The operating budget includes proposed operating expenditures, capital expenditures, and the means for financing them.
2. Public hearings are conducted to obtain comments from all interested parties.
3. The budget for the coming year is formally adopted on or before the last day of the fiscal year.
4. Transfers of budgeted amounts must be approved by the Board of Aldermen.
5. There were budget amendments during the year.

Note 2 - EXPENDITURES IN EXCESS OF BUDGET

	Budget	Actual
General fund	\$ 4,383,500	\$ 4,400,239
ARPA Fund	\$ -	\$ 6,956

Notes to Schedule

Valuation date:

Actuarially determined contribution rates are calculated as of February 28, 2022 prior to the end of the fiscal year in which contributions are reported

Methods and assumptions used to determine contribution rates:

Actuarial cost method	Entry age normal and modified terminal funding
Amortization method	Level percent of payroll, closed
Remaining amortization period	14-28 years
Asset valuation method	5 years smoothed market; 20% corridor
Inflation	2.75% wage inflation; 2.25% price inflation
Salary increases	2.75% - 7.15%; including wage inflation
Investment rate of return	7.00%, net of investment and administrative expenses
Retirement age	Experience-based table of rates that are specific to the type of eligibility
Mortality	PubG 2010 Retiree Mortality Calculator

**INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED
ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH GOVERNMENT AUDITING STANDARDS**

To the Board of Alderman
City of Glendale
Glendale, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, and each major fund of the City of Glendale, Missouri, as of and for the year ended June 30, 2022, and the related notes to the financial statements, which collectively comprise the City of Glendale, Missouri's basic financial statements, and have issued our report thereon dated October 31, 2022.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Glendale, Missouri's internal control over financial reporting (internal control) as a basis for designing procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Glendale, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Glendale, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Glendale, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
